

42U Server Cabinet, 600x800mm, Mesh(F) Metal(R), Black

Description

Ningbo Spring 42U server rack enclosures offer a customizable solution for data center build-outs, network rooms, or IT closets with the static loading capacity up to 1700 lbs.

Heavy-duty casters are included to ensure easy and flexible movement. Optional adjustable leveling feet are available to enhance stability and fixation. The quick-open side panels enhance installation and maintenance efficiency, facilitating seamless access to your equipment.

Available in dozens of size combinations, and 12 available door options, SJ server rack enclosures offer a variety of options and features to meet your specific needs.

Features

- Both top and bottom cable entries enhance installation flexibility, accommodating various cable configurations.
- Can be shipped disassembled, reducing transportation and storage costs for added efficiency.
- Offers multiple front and rear door styles (optional), providing customization options to suit specific needs.
