

38U SecurMax Outdoor Cabinet, Galvanized Steel, Fan Cooling, IP55

Description

This **38U Outdoor Cabinet** is designed to provide superior protection for your critical equipment in harsh environments. With a strong emphasis on **security and reliability**, this cabinet ensures your assets remain safe and operational under all conditions.

Enhanced Security Features:

- **3-Point Locking System:** Offers robust access control, preventing unauthorized entry.
- **Antivandal Belt:** An additional security layer to deter tampering and theft, keeping your equipment secure.

Efficient Cooling System:

- **Dual Centrifugal Fans:** Delivers optimal thermal management, maintaining a stable internal temperature even in high-heat conditions.

Customizable Design:

We understand that every project has unique requirements. Our cabinet supports full customization—adjustable dimensions, material upgrades, cooling system, accessories and more—tailored to meet your specific needs. Built for durability and performance, the 38U Outdoor Cabinet is the ideal solution for telecommunications, networking, and industrial applications.
